Welcome Note

PSIT Kanpur welcomes you to our institute for the academic year 2020-21. We are happy to have you with us. We are excited to foster your academic strengths, personal growth and inspire your creativity.

Quality Policy

We, at PSIT, are committed to providing the best quality of education and all-round personality development to our students in a congenial and competitive environment by using appropriate resources in order to have proficient graduates and post graduates at national & global levels. We are also committed to continual improvement towards infrastructure leading to future refinement in the quality of students, faculty and staff.

Our Vision

To achieve excellence in professional education and create an ecosystem for the holistic development of all stakeholders.

Our Mission

To provide an environment of effective learning and innovation to transform students into dynamic, responsible and productive professionals in their respective fields, who are capable of adapting to the changing needs of the industry and society.

Roadmap to SUCCESS

PSIT looks forward to students to retain high standards of academic integrity. Students preparing to adopt a profession should conform to a code of integrity and ethical standards corresponding with high prospects, which society shall place upon a dignified professional. To be a successful professional, students should pursue the pattern of Academic Plan of PSIT.

Two vital elements that summarize our evaluation system are the external and internal examination marks which together make 100% of the total marks. As a result, students pursuing B.Tech/B.Pharm/M.Tech/M.Pharm/MBA/MCA under AKTU, Lucknow are recommended to endeavour towards good scores in Internal/CT-1, CT-2 examinations, PU and the University exams. Hence, they will achieve an impressive profile career in nationally and internationally recognized/prestigious institutions and organizations. So, it is essential to score more than 70% marks on a cumulative basis.

We conduct Pre-University examination, similar to AKTU exam pattern, which is helpful to the students in securing good marks in the University examination conducted by AKTU, Lucknow. The students, who scored good marks in Internal/Mid-Term examinations, mostly secure high percentage in University examination as well. So, the students should follow this pattern of study to be successful.

Apart from the Class Tests/Pre-University examinations, assignments and attendance also carries an extra weightage in the assessment of sessional marks. Thus, it is expected from all the students to consider these regular class assignments and daily attendance very seriously.

As per study and Evaluation Schemes of various courses of AKTU i.e. B.Tech/B.Pharm/M.Tech/M.Pharm/MBA/MCA., the sessional marks obtained in Internal examinations, are added to the External University examination marks. Thus, the students must pay equal attention to both i.e. securing good marks in Internal along with External University examination leading to an overall high percentage in the final result.

emPower: PSIT Career Enhancement Program

PSIT is committed towards making sure that students graduating from all disciplines are not just equipped with technical skills in their desired functional area, but are also able to (a) Crack their final placement process and (b) Contribute to their organization from day-1. To this end, we engage the students in various training programs as a part of the curriculum that makes the student the most desirable applicant to the recruiting organization, and also provides life-long skills that help the students "future proof" their careers.

The training programs at PSIT are categorised into two major divisions - Technical Training & Corporate Training

Technical Training: Experiential learning techniques are used extensively under which students are made to solve real-time problems as part of their learning. Keeping in sync with the modern trends in IT/ITES industry, **coding techniques and regular Hackathons are pivot of our entire technical training program.** Inter-collegiate 'HackwithPSIT' & 'Wincubation' tech events hone students for national and international technical contests. Domain specific technical training curriculum has also been designed as per the requirements of various academic departments.

Corporate Training: Our Corporate Training essentially focuses on the following areas:

Verbal Ability	Language Aptitude	Quantitative Aptitude
Logical Reasoning	Verbal Reasoning	Non-Verbal Reasoning

Personality Development Training: In addition to the above, we provide personality development training which focuses on the following areas:

Self Awareness	Creativity	Communication Skills	Decision-Making
Group Discussions	Positive Attitude	Goal Setting	Listening Skills
Presentation Skills	Mock Interviews	Leadership	Time Management
Interpersonal Skills	Speaking and Writing Skills		

Regular mock tests, competitions, performance evaluations, feedback sessions form an integral part of our long term training strategy. These training programs are the unique features of PSIT curriculum that promise a glorious career for all the students across all verticals and allied fields.

Our Associations

PSIT's association with various prestigious organizations helps our students in enhancing their employability skills while providing them an insight into a real-time working environment of the industry.

Placement

The centre for 'Corporate Relations' continuously makes efforts to develop skills and employability quotient in the students. Students are trained on the latest technologies used in the industry from the very first year to make them industry-ready by the time they reach the final year. Therefore, it is the responsibility of the students to ensure that they take full benefit of the training and placement programmes introduced to them in the institute so as to get placed with their dream companies.

- The eligibility criteria of all renowned companies is 60% and above in class 10th, 12th and 65% and above in B.Tech / B.Pharm / MCA / MBA / D.Pharm. Hence, students are advised to achieve minimum threshold.
- Placement assistance will be provided to students who have secured minimum 60% aggregate marks in the respective courses being pursued in PSIT. Therefore students are advised to maintain their academic percentage above 60% from the first year itself.
- Most of the companies eligibility criteria state that students should not have a backlog. So, clear all your papers. If at all you end up getting a backlog, please clear it as soon as possible.
- Companies base their selections on the technical knowledge that a student possesses. Here your seriousness towards your course curriculum, projects, summer training and technical training will be brought to fore.
- Some companies give equal weightage to communication skills and technical knowledge. Pay attention towards enhancing and improving your spoken and written English skills from the very first day.
- All the information regarding placement is uploaded on the placement portal of erp.psit.in and students are sent messages on their registered mobile phones. Along with this, students can clarify their doubts online on the CR-Wall. Connect with us on Facebook (PSIT Corporate Relations) to know the latest buzz in placements. It will keep you updated about the kind of companies that visit our campus.
- Students are advised to check the placement portal daily for any updates related to the centre for Corporate Relations. Please do not change your contact numbers so that you receive all the messages that are sent to you. Choose one mobile number and keep it throughout. Do not keep jazzy usernames for your e-mail ID which you use to communicate with the institute. The email id which you upload on the placement portal is the one which is sent to the companies by us. Keep a formal username like: psit.pravin.kumar@domain.com
- We suggest you to read newspaper daily and watch news channels. Please keep yourself abreast with the corporate news.

These are some important tips that will help you achieve a dream job. This will make us and your parents feel proud of you.
